

On Friday April 20th, 2018 the Cal Poly Club Sports Program hosted Elliott Hunter as a fundraiser for the program. The Magic of Elliott Hunter was a tremendous success in its inaugural year, Attendees were comprised of Cal Poly Students, Staff, Faculty, and San Luis Obispo Community members. Tickets were available for pre-purchase through Eventbrite and available for purchase at the door. Elliott has already agreed to perform again in 2019 and has also expanded his program to include two additional shows for the community of Santa Maria.

Working with Elliott was easy and his professionalism cannot be understated. I am so impressed by his maturity that I often forget his is only in his second year of his undergraduate education. Elliott has an innate ability to “change gears” from student to professional. He is always prepared for our meetings, has an agenda of action items to be discussed, and clearly understands how to promote his performances. I am pleased to continue to work with Elliott for future shows and have recommended him throughout the community for those wishing book him.

When considering entertainment, I highly recommend Elliott for his undeniable stage presence, ability to engage an audience, and pure “fun” his performance provides. Elliott has continued to hone his craft so those who have seen his performance can still be entertained with new material. He relates his pieces to the audience in a visually entertaining manner for all to enjoy.

Please feel free to contact me for additional information about working with Elliott or a recommendation at ruskin@calpoly.edu or 805-756-7009. Thank you!

Sincerely,

Phil Ruskin

Club Sports Coordinator
